

2. Letter of Validation

October 14, 2020

BrightInsight, Inc.
6201 America Center Drive
San Jose, CA 95002

Based on the results of a HITRUST® CSF validated assessment performed by an Authorized External Assessor and documented in this HITRUST CSF® Assessment Report ("Report"), the following platform and supporting infrastructure of the Organization ("Scope") were validated against an information protection program that is consistent with the objectives specified in the NIST Cybersecurity Framework v1.1:

BrightInsight, Inc.: BrightInsight Platform hosted on Google Cloud Platform (GCP).

More specifically, HITRUST determined that:

- The HITRUST CSF controls specified by the Entity's organizational, system and regulatory risk factors provide a fair representation of its Target Profile, and
- The maturity of the Entity's implemented HITRUST CSF controls, as validated by an Authorized External Assessor and reflected in the HITRUST Scorecard for the NIST Cybersecurity Framework, provide a fair representation of its Current Profile, and
- The aggregated maturity scores for one or more of the Core Categories did not meet HITRUST's criteria for certification of the Scope addressed by the assessment.

A full copy of the HITRUST CSF Validated Assessment Report has been issued to the Organization listed above. The full report contains detailed information relating to the effectiveness of information protection controls as defined by the scoping factors selected by management. It also includes further details on the scope of the assessment, a representation letter from management, testing results, a benchmark report comparing the Organization's results to industry results, details on CAPs required for HITRUST CSF Certification if applicable, and the completed questionnaire. Such detailed information can best be leveraged by individuals/organizations who are familiar with and understand the services provided by the Organization listed above. If interested in obtaining a copy of the full report, you will need to contact the Organization directly. If there are questions on interpreting the detailed contents found in the full report, please refer to the document [Leveraging HITRUST CSF Assessment Reports: A Guide for New Users](#) or contact HITRUST customer support at support@hitrustalliance.net.

Additional information on the HITRUST CSF Certification Program used to support HITRUST's certification of the NIST Cybersecurity Framework can be found on the HITRUST website:
